Experience the power of Infinity: The world is full of Dungeons that contain grand treasures. In each dungeon, you can obtain the treasures by solving various battles using your class, and obtain experience and items. There is a side story for each main class: You can freely switch between the side story and the main story. The skills of each class has a unique effect. The PC and companion can accompany and fight side by side. Gameplay Features

- Unique Game Mechanism You can use your companion's skills in battle, and can transform a companion into an entity or an object. For example, when your companion uses a skill as an entity, the companion can fight on its own. When you use your companion as an object, your companion can be controlled by you or attack as a card.
- Complete Customization You can freely customize the stats and skills of your companion and can increase your companions' personality by using cards. You can assign different cards to each companion and increase the maximum card number to a maximum of 15 cards. Cards can be acquired through the story, and can be used in the battle, skill, or companion abilities of each companion. As such, it is possible to completely customize your companions.
- Amazing Battles The battle system is tied to the relationships of the companions in battle. This allows you to experience the emotion of battle. When you fight in battle with your companion, the combat scene dramatically changes depending on the companions' relationship in battle. In addition, companions that you win can be moved to the castle, and your character will be raised to the rank of a legendary lord.
- Enormous World A diverse and vast world awaits your exploration. It is also possible to explore a large dungeon from the viewpoint of a card. There is a huge world with many maps, dungeons, and content that can be explored by the characters and the companion. Characters who are defeated in battle will not die but will lose the stat points that they have gained up until that point.
- Massive Dungeons There is a huge number of dungeons. You will be able to solve each of them with your class. There are many epic dungeons with complex three-dimensional designs.

New Characters

Naito Dan

The celestial knight Naito Dan wields a large sword and the martial prowess of an extraordinary knight. He is the eldest son of a family of cloud clairvoyant, and is described as being truly a pious individual. He lost his parents when he was just a child, and was kindly nurtured by his stepmother. Naito is highly capable of using his sword skills even in the midst of battle, and is the last person to retreat if his enemy approaches. He also has a great sense of loyalty to Zalaxus.

Iacopo

A trickster. Izuminokurou Iacopo wields a mace made from a single giant oak log, and is characterized by his incredible comedy. Iacopo seems to be a cheerful and happy person in private, and is often compared to a mountebank. As Iacopo tends to talk nonchalantly about the things that are of no use to him in life, he seems eccentric to the point of seeming to lose any common sense or judgment, but he is the only person who actually gets a laugh out of Naito
